

Innovative Schools  
– Partnering Globally acting Locally

**Partners in Learning**

## What is Partners in Learning?

- Partners in Learning is a global initiative designed to help increase technology access for schools, foster innovative approaches to pedagogy and teacher professional development, and provide education leaders with the tools to envision, implement, and manage change.

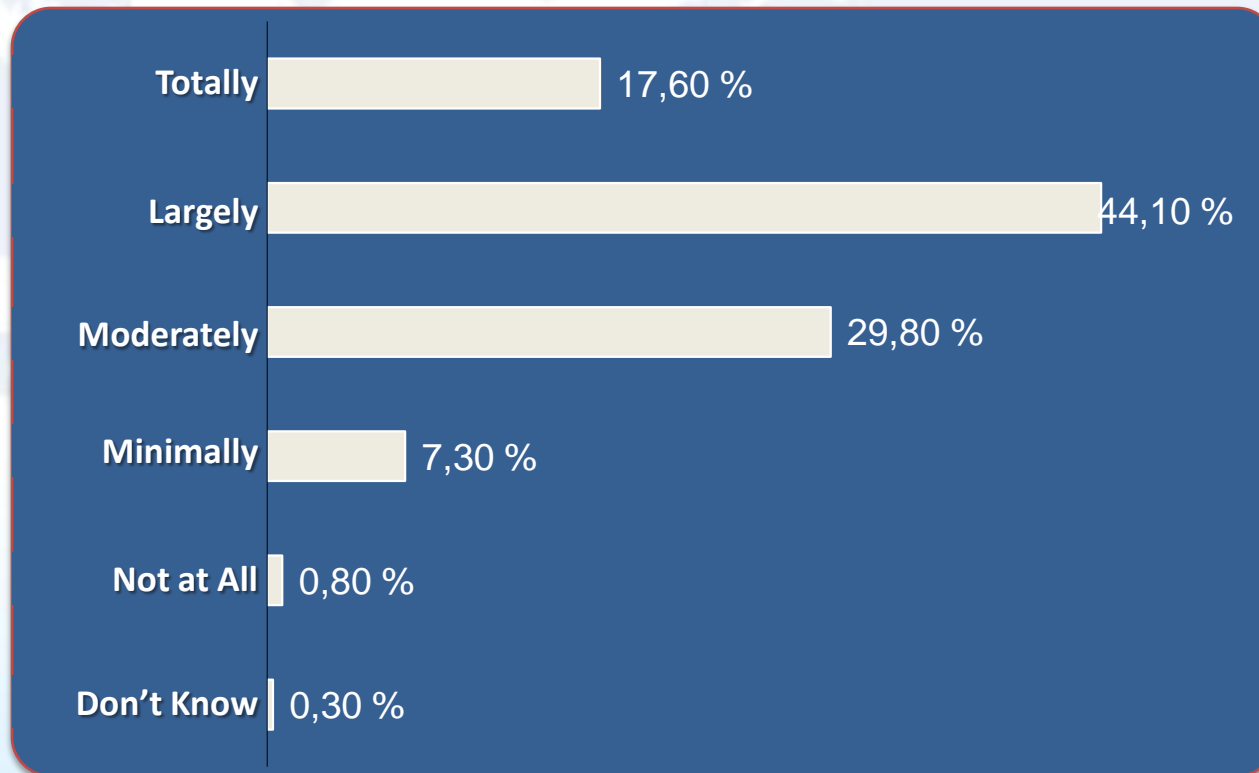

# Innovative Schools Mission

- The Innovative Schools program assists schools by providing intellectual property, technology expertise, experiential knowledge, and the support of our community. We work with them to inspire big thinking and discover best practices. Through our shared experiences and goals, we are creating models that any school, any system, can use in the future, to prepare children for success in the 21st century.
